Customer Reviews

Well worth the price if you are seriously into top quality timepieces. Over 400 pages of high end magazine quality glossy pages with excellent photographs showcasing the latest masterpieces from leading watch manufacturers. A very comprehensive and current guide on (high end) watches currently available covering the years 2012 and 2013. Many of the watches shown are limited editions so availability of those shown within the book (magazine) may no longer be available for purchase - but just to view many of these are an enjoyment unto itself (the beauty of fine watches). Volume XV is not expected until perhaps June 2014. If you enjoy watches then this is a book to have on your coffee table. Enjoy - I did, and I do! Beavis

Great book, I just wished they had prices for some of the watches. But had a good detailed description of every watch.

Its nice to see all of the great watches even if you cant afford them, great book lot of information
