# Windows 10 Tips And Tricks (includes Content Update Program)

Synopsis

Book + Content Update Program   Easily Unlock the Power of Your New Windows 10 Computer Discover hundreds of tips and tricks you can use right away with your Windows 10 computer to get more done and have more fun. Youâ ™ll learn how to use your Windows 10 computer both as a powerful communication, organization, and productivity tool and as a feature-packed entertainment device. Guy Hart-Davis shows you strategies for making the most of Microsoftâ ™s robust built-in apps, from the new Edge browser to your Cortana personal assistant. Easy to understand and nontechnical, Windows 10 Tips and Tricks is perfect for beginners--and for more experienced users ready to get more productive or move to a new computer. Whether youâ ™re running Windows 10 on a desktop, a laptop, or a tablet, get this book and run it better! Hereâ ™s just a sampling of what this bookâ ™s tips, tricks, and strategies will help you do: Set up your Windows 10 computer and make it work just the way you want Navigate Windows 10 like a pro Make the most of Windowsâ ™ resurrected and improved Start menu Explore the web faster, smarter, and more safely with Microsoft Edge Enter text whatever way you like best--including the on-screen keyboard and handwriting panel Communicate via email, Skype, and much more Quickly find whatever youâ ™re looking for, wherever youâ ™ve stored it Share your device with others and still keep it secure Connect to wireless networks more reliably, with better performance--even hidden networks! Use multiple displays at once--even TV screens Give yourself faster access to the apps and files you need the most Protect your privacy and choose which notifications to receive Organize and share your media library Supercharge your productivity with virtual desktops and other shortcuts Improve performance, fix problems, and keep Windows 10 working reliably In addition, this book is part of Queâ ™s exciting new Content Update Program. As Microsoft updates features of Windows 10, sections of this book will be updated or new sections will be added to match the updates to the software. The updates will be delivered to you via a FREE Web Edition of this book, which can be accessed with any Internet connection.Â To learn more, visitÂ www.quepublishing.com/CUP. How to access the web edition: Follow the instructions in the book to learn how to register your book to access the FREE Web Edition.

Customer Reviews

This book is fairly good, and will certainly be my first stop when I need to look up something about Win10. I used it to orient myself to Win10 after upgrading my computer from Win7. However, there are times when it seems excessively cursory--when I would like more detail. For example, I also got Pogue's "missing manual" which has problems of its own, but has a lot more information. As I said, I will go here first; but I may need to go further.

Was what I was looking for.

Has good information
