Customer Reviews

There appears to be great recipes in here, but a couple I really wanted to try were so language challenged that I could not figure out HOW to implement. I wondered if the author used a computer translator. It took me awhile to figure out that potatoes, pilled meant peeled potatoes. I paid 2.99 so I got what I paid for.

I've just recently started experimenting using the air fryer cooking method and I have to say I am loving it so far. To be able to eat some of my favorite dishes less the added health risk of cooking in too much oil is great! Personally I've only tried out a recipe or two but I would definitely recommend the Rice and Vegetable Stuffed Tomatoes. I love them and even my youngest who is one of the most picky eaters I've known all my life has been asking for seconds!

I bought an Air Fryer. It gives an opportunity to limit fats, but there are no receipts, that's why I buy this book. The book is perfect, all receipts are classified into categories, so you can easy find all information. Everything I've made so far has been delicious. Definitely happy to add this one to my cookbook collection. Nicely done.

This book has a massive amount of great recipes that anyone with an Yummy Air Fryer should definitely get. I like the way the recipes are broken down into categories, such as, breakfast, main meals, desserts etc. So glad I have this book a chance, it has opened my eyes to a wider range of meal options.

I do not like books of this genre, but this struck me simply! Friends, really, very, very well set out. The information and tips provided are really necessary and helpful. Friends read, develop, and this book will help you. I advise! Thanks

I adhere to the principles of healthy food rather long time. I try to limit fats in my ration. I bought an Air Fryer. It gives an opportunity to limit fats, but there are no receipts, that's why I buy this book.

The book is perfect, all receipts are classified into categories, so you can easy find all information. All receipts are easy and tasty. Now I can eat tasty and healthy food without harm to my figure. Thanks for the excellent book.

This really is a very useful reserve to read. Very low calories and a whole lot of mouthwatering recipes that is very scrumptious and easy to prepare. It is really a must have publication for everyone who would like to lose weight in a smart way. After reading this book it offered me a lot of useful knowledge how I am able to maintain my healthy body.
