Your Complete Guide to:
Hidden Doors & Safe Rooms!

Warning!

Don't buy a Hidden Door or Safe Room until you read this book!

The image shows the front cover of a book titled "Hidden Doors, Secrets & Plans". The cover has a black background with orange and white text. At the top, it says "The book was found" in blue. The main title "Bookcase Hidden Doors 'Secrets & Plans'" is in large black font. Below the title, there are several promotional blurbs in white and orange text. A central photograph shows a white bookcase with a hidden door that is open, revealing a safe room. The text "Passage Way to Safety!" is written above the photo. To the left of the photo, there's a smaller inset image of a closed hidden door. At the bottom of the cover, there's a red "Warning!" section with a small disclaimer below it. The entire cover is framed by a black border.

Synopsis

Discover Hidden Doors built to last by Master Craftsmen! The doors include a light duty in-swing built by a Carpenter, a full size heavy duty Bookcase Hidden Door built by a Master Carpenter, a light duty out-swing Bookcase built by a Mater Cabinet Maker and a proposal for a \$23 Thousand Dollar Hidden Door. The Proposal reveals the secrets that one of the most successful hidden door companies in the US uses to build these highly crafted doors! Readers also get access to the Hidden Door Guide with a list of Hidden Door Builders. Some of the Hidden Door Secrets that are revealed are:* Hidden Door Automation, Hidden Door Hinges, Hidden Door Locks & more!

Customer Reviews

This seemed to be a bit of a throw together of other books I've read on the subject, with a couple tutorials on how to build basic doors which can be found in other books for much less. Half of the book is just a repeat of the first half in a slightly different format, and the majority of that material was just a plug for the author's web store, where he sells hardware for hidden doors. Glad I got this in the lender's library, because I would be extremely aggravated if I paid the full price of \$100 for this...

This book was free for me using my unlimited and it's a good thing. I would not pay a penny. The material is worthless and the person doing the work is unskilled. the pictures are terrible too. Do not waste your time.

I did not read this book since it was clicked on by accident and the purchasing system did not allow for confirmation or rejection. Price was ridiculous - \$99 !! Impossible to send back or even contact anyone to take it off my Kindle. Fortunate my card for paying was not valid any longer, but this kept me from being able to purchase anything else for over 10 months for fear would charge any payment type I put on this account! AND I have requested via e-mail, chat and phone asking them to take this out of my account and delete it, to no avail.
