Customer Reviews

Remember the name Todd-Michael St. Pierre. He is blazing a spice trail that keeps leading adventurous diners back to Louisiana cuisine. A best-selling author, St. Pierre's latest is "The Southern Po' Boy Cookbook: Mouthwatering Sandwich Recipes from the Heart of New Orleans." And it delivers everything that St. Pierre's fan have grown to expect from this culinary and literary genius: page after page of stunning photographs that make you lick your lips in anticipation of the first bite into a tongue-teasing trip to NOLA, no matter where you are at the time;

stunningly colorful artwork, capturing the food and spirit of New Orleans; and a glimpse into the author's heart and soul. O.K., so, if you're wondering what a po'boy is, there's a story behind the name, but for the purpose of getting through this review without having to consult a history book, just think: sandwich heaven – more like the best of all possible ingredients in between a sliced loaf of French bread. Got it? Throughout this work, St. Pierre pays homage to the famous locales and people and even his favorite NFL team, (Who DAT!) that have inspired him. Recipes tucked inside the chapter, titled: "Boy Oh Boy! If It Swims, Cook it!" • include po'boy staples like "The Treme" (fried catfish) named after St. Pierre's childhood community, affectionately known as the birthplace of jazz; and "The Satchmo," a crabcake concoction that is sure to please the most discriminating of palates. But in true St. Pierre fashion, he includes recipes that most people wouldn't usually consider eating po'boy style, like "The Benny" or Eggs Benedict ; "The Gert Town" which is pork tenderloin; and "The Bangkok," a squid po'boy with Thai chili sauce. Yes, he not only takes the reader on a trip to New Orleans, but around the world, too!
