The Two Fat Ladies Ride Again

Synopsis

They're eccentric, they're outspoken--and they're back, ready for more delicious adventures! Clarissa Dickson Wright and Jennifer Paterson, stars of Food Network's and PBS's hit series *The Two Fat Ladies*, once again take to their motorcycle and sidecar and serve up rich, delectable dishes in the tradition of their first book, *Cooking with the Two Fat Ladies*. Their irreverent wit and pure, old-fashioned enjoyment of food has won them a devoted audience on both sides of the Atlantic. But they are much more than entertainers, as *The Two Fat Ladies Ride Again* reaffirms. Packed with more than 120 recipes, from Light Dishes, Starters, and Savories to Picnics, *Ride Again* rises to the standard set by the Ladies' best-selling first collection. Breakfast has never been so lavish as with their Aniseed Waffles, Bread and Butter Pudding, and Red Flannel Hash. Feast on Devilled Fish Sandwiches and Scottish Seed Cake, then wash it all down with a Royal Bombay Yacht Club Cocktail ("As drunk by the very drunk at the Royal Bombay Yacht Club"). The Ladies laugh in the face of the fat-fearing fanatic and are proud to share such decadent gems as Spare Ribs and Whisky Chocolate Pie. Sprinkled throughout are whimsical personal anecdotes and snapshots of the Ladies, inviting all to experience their world of devilish fun and feast. Dickson Wright and Paterson eat and live indulgently and encourage others to do the same, giving readers license to partake in their full-flavored food--and enjoy every delicious moment.

Best Sellers Rank: #449,900 in Books (See Top 100 in Books) #119 in [Books > Cookbooks, Food & Wine > Regional & International > European > English, Scottish & Welsh](#)

Customer Reviews

This cookbook is wonderful! A joy to read, even if not cooking or looking up a recipe. A few of the items are a tad difficult to come by in my part of the world (Pickled Walnuts & Gentlemens Relish for example), but most of them are accessible, and I've made many of these recipes with great

success. I highly recommend "Devils on Horseback" which gave me quite a reputation at work.
Thanks Jennifer & Clarissa!

This was, in my opinion, the best of the 4 cook books put out to go with the TV series "Two Fat Ladies." The lead in's to the dishes include all the charm of the first book but the recipes themselves have been better edited to make them much more user friendly. These are dishes anyone can manage. Although the sections are spread out by type of food rather than episode, they run heavily to small nibbly things and breakfast foods which can be used any time of the day. And while a few do have ingredients difficult to find in the US (pickled walnuts?) they are well worth the effort. Some recipes here have become staples of our family table and even part of our holiday traditions. I love to cook and I love to read a good cookbook. This provides both-good reading and good food. In my house you can always tell a well loved and used cook book by the stains on it. Splatters from flying ingredients and such. a clean book in my house hasn't been turned loose in the cooking frenzy. People who know me and see my kitchen library can tell at a glance, this is clearly a well loved and well used book. It's that well stained!

Being a true fan of Clarissa Dickson Wright and the late Jennifer Paterson's TV Series, I was delighted to discover their book, Two Fat Ladies Ride Again. I do hope the series is available on DVD. The recipes are always unusual, well written and I'm sure, judging from the TV series, absolutely delicious. The book is worth reading for the anecdotes alone. I can't wait to acquire other books in the series or written by either of the two women.

I bought this book (and the first volume too) because I'm a fan of their TV series (I also bought the complete DVD set of all the episodes...Wow!!!). The "Two Fat Ladies" prove again and again that cooking can be both fun and rewarding for those of us who love the kitchen but never got to go study at that famous French chef's school. So far, every recipe in this book that I've tried has turned out exceptionally well, garnering praise from everyone who has tasted the dishes I've made using it. I can truthfully say that buying this book was one of my better ideas!!!! I also bought the Nero Wolfe cookbook, and it also makes my kitchen time a delightful experience.

This was a gift for my boyfriend who loves to be in the kitchen. I watched the Two Fat Ladies when I lived in England, and have been telling him about their realist and decadent approach to cooking. So, I was very happy when I was finally able to find a hardback copy of the book for him at a very

decent price!Not only is it full of yummy recipes, but highly amusing stories too - well worth a read :-)

Even though I have the television series on DVD, I can't get enough. This book reflects the joy and spirit these two brought to their work. Jennifer may be gone, but she's still thrilling me with this book, which even my husband likes. Their approach is unique, and I fear we shall never see their like again.

Stop with worrying about food and start enjoying it. Just reading the book rises your cholesterol level but who cares. It's great to see these ladies enjoy cooking and enjoying life. A great gift for anyone who can't stick to his/her diet and feels miserable about it.

I love ALL the books from the 2 Fat Ladies. How could any serious look not be infatuated with their enthusiasm, gustatory pleasures and love of butter? Let the fat police be damned. I eagerly cook from this book with frequency. Heaven must be eating well in Jennifer's company.
