Customer Reviews

To be honest this is quite a simple short book for beginners that give an overview what a south beach diet is and how it can help with weight loss. Basically the diet is comprises of 3 phases and like any other diets there are pros and cons involved, which have been explained in quite details. Would be good if can include some South Beach Diet Recipes to have a much clearer pictures of the South Beach Diet and make it easier to follow. Overall a very good attempt for a 16 years old writer.

It's ok
