Synopsis

One of the most important contributions to the creation of total health and wellbeing lies squarely in the quality of the food we consume and this outstanding collection of recipes has been compiled to add essential superfoods to the brilliantly effective Paleo Method. The result is a truly excellent range of meals and recipes that are super healthy, super tasty and super effective at boosting your body's wellbeing at every level. Our bodies absolutely need the essential nutrients that are largely missing from today's highly-processed convenience food. We eat too many grains and we poison ourselves with toxic levels of sugar. By combining the Paleo Method, (which focuses on an entirely natural way of feeding and respecting our bodies), with the precisely identified superfoods that can transform your health, we arrive at a fabulous formula for totally healthy nutrition that can turn your body into a fat-burning machine to shed the excess pounds forever. This is a truly effective way to lose weight, regain your energy, improve the way you look and feel and start to enjoy life to the full. Nutrition is the key to everything. Once we start eating the way our bodies have always wanted to be fed, we nurture our health, boost our wellbeing, cleanse our bodies and turn back the clock. It's such a tasty and enjoyable way to take back control of your health! Amongst a fabulous collection of great ideas, highly effective methods, super tips and amazing recipes, you can learn how to:

- Eliminate all the harmful foodstuffs from your diet
- Take total control of your weight and your health
- Discover the joy of feeling vigorous and energised
- Sleep better and wake up feeling refreshed
- Purge the toxins from your body
- Reduce the signs of ageing in your skin and in your organs
- Look and feel younger and fresher
- Burn off the excess pounds and keep them off
- Experience greater mental clarity and creativity
- Reduce the effects of an over-active inflammatory response
- Feel calmer, stronger and more balanced
- Feel totally alive and well every day

The superfood ingredient can make a world of difference to the quality of your life. As you cut down on your dependence on inappropriate and poor food choices, your body will reward you with levels of health and wellbeing that might well surprise you. This is a complete approach to super-smart nutrition and the methods have been designed to give you the best possible chance to experience a healthier, slimmer and fitter way of life. As you incorporate these methods into your daily life, the benefits will accumulate and multiply, rewarding you with greater levels of health and wellbeing. Get on board today and begin your own personal revolution in total wellbeing.

Customer Reviews

This has been a long read, but it is definitely worth it. I find this book a smart grab because it has been meaty in all its discussions about Superfoods. In these time and age when we need to be careful about what we eat, this book will surely be helpful, useful, and will come in handy anytime. It is an overwhelming thought that this book has "a fabulous collection of great ideas, highly effective methods, super tips and amazing recipes." What more can one ask for now? This book is surely worth considering, especially to meet our goal of staying fit and healthy.

A must read. It contains excellent recipes inside and interesting. This book has a good recipe and it has a great ideas for your diet. I found this book effective way to lose weight, nurture our health, boost our well-being and improve the way we look. The recipes are easy to make and look great. I really enjoyed reading this book it was great cookbook. Highly recommended!

There is so much information in this amazing addition. The recipes were absolutely delicious and the prep directions were easy to follow. That's what I like about it. Thank you and enjoy your day. Brilliant and informing book!

I absolutely agree that a good habit doesn't require willpower or discipline. By definition, a habit is something you don't even think about. It's something that you do or feel automatically. Bad habits don't usually take up too much of your attention either until you begin to suffer the consequences. Because bad habits inevitably have a down side. If there's a habit you're trying to change, you need to be motivated to do something about it. Most of us respond positively to a suitable reward to make the change worthwhile and repeatable.

It is a superb book about the superfood. It is very deep and interesting book, There are so much useful things for every home. I liked the pyramids and illustrations from this book. I hope this book will help me in future.
