Summer Rider (Show Jumping Dreams ~ Book 31)

Synopsis

The heat has settled over Florida like a blanket with endless hot and humid days. The Paris trip is off since the Junior Jumper team didn't qualify to go and Emily can't go on the training trip to Europe because they don't have enough money for a plane ticket. They hardly have enough money to feed their own horses so it's not exactly like she can complain. Emily knows that this is how the horse business works. You can be on top of the world one minute and come crashing down the next. Dry spells are real and so is the summer slump. They just have to buckle down and get back to work building up their farm again. But Duncan and Esther have big plans for Emily. Just because she can't go to Europe, that doesn't mean they still don't want her to get the experience she desperately needs. So when they arrange for her to spend a whole month as a working student for a top show jumper, Emily is thrilled. She's not so thrilled when she finds out that Hanna gets to go too because even though the girls are friends, Emily doesn't exactly need another rival. So the two girls will pack up their bags and take their horses on the road, travelling from show to show with an up and coming rider and their entourage. Sleeping in trailers and barns. Seeing the summer show circuit and getting a chance to compete. It's everything that Emily has dreamed of but it's also more work than she's ever done in her whole life. But she's having to leave her other horses behind. Can she trust her father not to sell them while she is gone? And will a whole month of hard work on the road cement her Olympic dreams once and for all? Or will it put her off chasing that elusive gold medal for good?

This book was an exciting book with a lot of mixed feelings! Hana starts out all happy and then when she gets there she turned into a drama queen. She gets all angry and does not do her work and then one afternoon she disappeared and then Emily saw her by the ice-cream truck but she was not doing the best thing. This book is a great book and it helps young readers learn an important lesson, to appreciate what is given to them. I recommend this book and it is very intriguing and leaves you on a cliff hanger. Can't wait for the next book!!!

This series just gets better and better with each book. The equestrian content is outstanding, and you feel as if you are living on the circuit. Its written for young adults and teens, but as an adult I enjoy every book in the series. As the series continues the characters are getting more depth, and the story continues to captivate. The cover pictures are always enticing and so very realistic of life on the circuit. Looking forward to more in this great series, and hoping that they never stop.

Always excited for the next book!

Love the series and I can't wait for the next book! As always it was another interesting read with realistic horse scenarios and very accurate where horses are concerned

This is another GREAT book in a GREAT series! I'm always looking forward to the next book by Ms. Svendsen.

Yet another great book in the series! Cannot wait to read what is next!!

I am really disappointed - I get these books for my granddaughter to read and she loves them. However, I OBJECT TO THE COVER PHOTO of a young lady obviously galloping about without a helmet! AND in the book, our heroine does not stand up to her trainer when she's told to Hack over to a show ground without her helmet.....I'm so disappointed that this is not handled better and is not

used as a teaching situation - that's its ok to stand up to an adult or other peer pressures and WEAR YOUR HELMET!!!! at all times when mounted.

Always looking forward to the latest book in the series.
