## Customer Reviews

Since the pressure cooker is the most favorite of all the cooking gadgets in the kitchen, I really needed additional recipes to widen the variety of food in our menu. The author not only shared nice recipes, she also provided a fitting introduction pointing out the benefits of one pot cooking. This method will definitely save a lot of time. I recommend this book to those who are busy and have not much time to cook and yet want to enjoy tasty meals.

This book helps me prepare fast my favorite slow-cooked meals and also gives me new recipes for the pressure cooker that can be done very fast. I discovered a lot of ideas and new recipes. In these pressure cookbooks, it will give us easy to follow instructions. I am sure other people love cooking will also love this book!!

Wanted to throw something of a party for my closest so I've really been planning the meals with great care and attention so I can stun them when they sit on the table and get ready to eat. Delicious meals, vibrant flavors and versatile dishes that could come in very handy if you are not afraid to take risks in the kitchen, plus make use of the pressure cooker.
