Programming Swift! Playgrounds

Synopsis

2nd Edition. Updated for Xcode 7."Programming Swift! Playgrounds" is a free supplementary ebook in the â œProgramming Swift!â • series from AppSmith books. This book will give you a visual, guided tour of Xcode Playgrounds with hands-on coding examples that addresses the 4 main areas of Xcode playgrounds all bound together in one handy ebook. Topics covered include: The basics, getting to know playgrounds and the various panels like: the code editor, the results sidebar, the assistant editor, console output, quick view and inline results panels and the time line. Youâ ™II go behind the scenes and work with the built in Sources and Resources folders for adding support code files and resources such as images. Youâ ™III work with the XCPlayground framework and tap into the playground specific functions like, XCPShowView and XCPCatureValue. Thereâ ™s also a chapter on playgrounds with rich comments using Markdown. This book is design to accompany the other books in the Programming Swift! series, so youâ ™III have an up-to-date, handy, hands-on reference for the latest version of Xcode Playgrounds!
