# How To Make Puppets With Children

## Synopsis

How to Make Puppets with Children contains all the necessary pattern pieces for making 37 delightful hand puppets and 26 finger puppets that lend themselves to a variety of curriculum areas. Use the puppets to provide a variety of opportunities for practicing oral language skills: retell a story, create original puppet shows, use the puppets to accompany oral reports about the animal, and beginning readers may use the finger puppets as they learn their initial sounds. Hand puppet subjects include: hippo, dragon, giraffe, bear, walrus, tortoise, and a cat. Other subjects include: girl, boy, astronaut, alien, knight, princess, and a robot.

## Customer Reviews

I used this book with my four year old grandson who wanted to make puppets. For those who are not artists this is a perfect book. We had a wonderful time making about seven of the various puppets and then putting on our own show. We will probably do this again another time as it is easy and inexpensive.

This was definitely worth my money! The puppets are ADORABLE! I use them in so many ways. For example, after reading Harry the Dirty Dog, my students and I made the dog puppet. Students could make dirty Harry or clean Harry. We used the print-outs as templates; we traced them onto different colors of construction paper and felt. So many creative ideas!

My students are the best reviewers and they just love making the puppets. The instructions are simple and easy to follow. I highly recommend this book.
