Customer Reviews

I love eating the Paleo way so I'm always looking for new ideas. This fits the bill! I just hate when we go to a tailgate and my options are veggie tray or nothing. Here's the answer! It's small (only 20 recipes) but well worth it!

Great Job guy's ! I always seem to have trouble finding a good combination of fun food with quality food and this simple book does just that ! I will be able to reach for it often as the chills of fall and winter settle in and we spend more time inside watching our favorite shows, I think it will even work with hockey night in Canada ! What do you think? All the Best, good job.....RJG, Alberta, Canada

A lot of what look like VERY yummy recipes, and not just for the Caveman of your home!
