Customer Reviews

Didn't have a lot of what I needed in it. I was hoping it was more informative than it was. Not like the old weight watcher books that had a lot of food listings

The book I ordered not knowingly was only 23 pages written in English of the 160 content pages. Shocked and disappointed in this version. I am hoping another version is more friendly to English non bilingual readers. Extremely poor content information given while selecting this book. I will need to return this version with hope another all English version exists. Unsure.

It is a simple point counting system. So no longer required to count every calorie. I find it more convenient and would encourage others to give it a try.

Yes, I would recommend this product. It is very easy to use! I use it instead of the online now. Thank you

Great book as are all the weight watchers books. Just can not go wrong with Weight Watchers Books or scales.
