# The Anne Of Green Gables Cookbook

## Synopsis

Inspired by the most famous of all Canadian children's books, L.M. Montgomery's Anne of Green Gables, this cookbook combines easy step-by-step recipes with charming watercolours of Anne and her friends and quotations from three of the ever-popular Anne books. Never before have good things to eat and drink been so successfully derived from cooking episodes in children's literature. From 'Poetical Egg Salad Sandwiches' to 'Anne's Liniment Cake' and 'Diana Barry's Favourite Raspberry Cordial,' these delicious treats will be fun to make--and they'll be sure to turn out well because they were kitchen-tested by a twelve-year old who had perfect results!

## Customer Reviews

Cooking is one of my favorite hobbies. I rarely ever use a cookbook, but this one is the "exception to the rule." I have used several recipes from this book. Everyone especially loves the "Old-fashioned Lemonade!" The young girls that I have introduced to "Anne" and the cookbook - absolutely love it! The cookbook is a wonderful tool for aspiring "chefs." It is delightfully illustrated and written by L.M.'s grand daughter - who happens to be a licensed home economist! What could be better?

I bought this book to the ridicule of family and boyfriend but now they're the one's who can't wait for me to make the recipes included! The saucy chicken was a hit with my mum as was the caramel sauce with everyone. Other recipies include raspberry cordial, shortbread (came out yummy),

icecream and chocolate caramels. I can't cook to save my life but these recipies are a doddle, even when I messed up the traditional lemonade it still tasted great.

I bought this book for a friend, but before I gave it to her I poured over it. It is adorable and a great book for True Anne Lovers... and not just for kids! I made the raspberry cordial and it is simply delicious. This book brings back memories of Anne's adventures and important events in her life. You will enjoy this book if you are an Anne fan or if you are a cook... you will LOVE this book if you are an Anne fan AND a cook!

This cookbook will soon become a little girl's treasure. Illustrations are abound in this book, they include the characters that are in the Anne of Green Gables Cookbooks. You can easily see Anne and Diana preparing whats in this cookbook. The recipes are simple, easy to follow, and will come out well. Diana's Cordials are simply heavenly. This is a definately must have for any Anne of Green Gables fan.

This book is amazing! The recipes are easy to follow and absolutely delicious :) I had to do a project for Home Ec. in which I planned and cooked a 4 course meal, then had people evaluate it, I used only recipes from this cookbook and it was fabulous. I would definately recommend this book to anyone. The illustrations add a wonderful touch to this masterpiece.P.S. I got 96% on my project :)

I received this cookbook a long time ago, when I was a little girl and could not cook. This book gave me the confidence to prepare delicious dishes, like Anne's saucy chicken and Mrs. Irving's Shortbread. The first dinner that I cooked for my boyfriend (now he is my husband) was Anne's saucy chicken. He was so impressed that he thought I was a chef or something. What he did not know was that was the only recipe I knew! Since then, I have expanded my horizons, but I will treasure this cookbook forever.PS: My husband and I went to Prince Edward Island for our honeymoon, so my love for "Anne" definitely determined our destination!

The recipes I made came out just as described. All of them have been pretested. I like that they were put together by a family heir of Elizabeth Montgomery. The raspberry cordial was packed with raspberry flavor! Much better than the bottled product you can buy in PEI

I tried the shortbread recepie yesterday and it came out delicious. I was impressed! My parents,

who are big fans of shortbread, loved it. My mom (who also makes shortbread) said it was the perfect taste and sweetness. Best of all it was easy, quick, and the ingredients were simple. Can't wait to try all the other recipes! (They also look easy enough).
